

Acknowledgements

Research for this book was funded by the Centre for International Agricultural Research (ACIAR) project FST/2007/52 ‘Improving governance, policy and institutional arrangements to reduce emissions from deforestation and degradation (REDD)’, and the Australian Leadership Awards (ALA) scholarship for Silvia Irawan.

We would like to thank the ACIAR project team members, Fitri Nurfatriani, Silahuddin, John Moesiri, Herbert and Zahrul Muttaqin for their support for fieldwork in Riau and Papua. Colleagues from the Ministry of Forestry, the Ministry of Finance and the Ministry of Development Planning, who cannot be named one by one, also provided significant support for fieldwork. We would also like to thank our colleague Irene Ring, who authored with us the papers that are included in this book (in a slightly edited format) as Chapters 7 and 8. Finally, we would like to thank Chris Ulyatt for his painstaking editorial assistance.
