Titles of publications are in italics.

Abbott, D. 40
Abbott, P. 24
affective job security 49, 50
affordability and legitimacy of welfare state 138–9, 142–3, 149
age
and attitude to the welfare state 81, 148, 236
and attitudes to childcare provision 121–2
and social risk 25, 33, 41
Ajzen, I. 102
Albrekt Larsen, C. 202–3, 204
Allen, J. 20, 42
Alesina, A. 176
altruism 89–90, 93
Anderson, B. 189
Anderson, C.J. 50, 51, 52
anti-solidarity hypothesis 153, 154, 155–7, 167–9
Arneil, B. 197
Arts, W. 42, 143
attitude formation
individual characteristics 89–90
societal determinants 90–92
Barcelona Summit, childcare targets 107–8
Bauman, Z. 22
Beck, U. 23, 24, 40
behavioural effects of benefits 234–5, 242–3, 246
benefits
benefit level preferences 74–5, 79, 81, 83
criticisms 233–4, 240–42, 245
fraud, see fraud
and generalized trust 195–211
means-tested, and trust 196–7, 199, 200–202, 206, 207
negative effects on behaviour 234–5, 242–3, 246
non-take-up 234
unemployment, and employment security 46–7, 50–52, 56–7
universal, and trust 195–6, 199, 200–202, 206
benevolence 89–90, 93
Bettio, F. 107
Blekesaune, M. 72
Böckerman, P. 50, 52
Bonoli, G. 19, 43
breadwinner models 110
Briggs, A. 3
Calzada, I. 136
care ideals 110–11
Castles, F. 233
challenges to the welfare state 7–9
cheating the system, see fraud
child-related policies, attitudes to 94–6
childcare 107–29
attitudes to government intervention 111–29
care regimes 109–11
children in the family and welfare state attitudes 88–102
child-related policies 94–6
income equalization policies 96–8
support for other groups 98
Christian denominations by country 218–19
and support for welfare state 216–17, 224–6
Chung, H. 53
Church–state relationship 216–17
Citrin, J. 156

261
civic engagement and generalized trust 198

civic/voluntarist aspects of identity 174

Clark, A. 51, 52

class, social, see socio-economic position

co-ordinated market economies 21

cognitive employment insecurity 49

cognitive job security 49

Cohen, A. 189

collectivist view of welfare state 20

comparability problems, ESS 252

comparative advantage measurement 75

compensation hypothesis 154, 155, 158–9, 167, 168

conservative model 6

Consideration on Representative Government (Mill) 155

contact theory 154–5, 157–8, 166, 167–8

Corruption Perceptions Index (CPI) 144

and support for the welfare state 149–50

Coughlin, R.M. 200

Crepaz, M. 159

criticism of the welfare state 137–9, 231–47

benefit systems 233–4, 240–42, 245

country-level differences 240–43

economic 232–3, 240, 245

effect on behaviour 234–5, 242–3, 246

cross-national surveys, problems 252–4

crowding-out hypothesis 208–10

cultural heterogeneity, see ethnic heterogeneity

culturalist approach to childcare 110

del Pino, E. 136
demos 155

Denmark

attitudes to government responsibilities 100

childcare regime 109

dependency culture 235

deservingness 199–200

Diamond, L. 190

Dogan, M. 231–2

Eastern European regime 7

economic impact of welfare state 5

economic sustainability of welfare state 8

criticism 232–3, 240, 245

economic systems and social risks 20–21

Edlund, J. 136

education level

and attitudes to childcare provision 122

and criticism of the welfare state 246–7

and risk perception 37

and support for the welfare state 141, 148

and welfare state preferences 81

efficiency and legitimacy of the welfare state system 138, 149

elite groups and national identity 174–5

employment market regulation in market economies 21

employment sector and attitude to the welfare state 236–7

employment security 46–63

country variations 56–60

definition 49

determinants 50, 53

and labour market situation 47, 52–3, 60–63

and unemployment benefit schemes 64–7, 50–52, 60–63

measurement 54–5

employment status

and attitudes to childcare provision 122–3, 124

and support for the welfare state 141, 148

equality ideology

and attitudes to childcare provision 123

and religiosity 220–21

Erlinghagen, M. 51, 52

Esping-Andersen, G. 6, 20, 42, 110

ESS, see European Social Survey

ethnic heterogeneity 153–69

anti-solidarity hypothesis 153, 154, 155–7, 167–9

and attitudes to welfare state 158–9, 165–9, 172–90
