### Handbook on Islam and Economic Life

**Arbun** (down payment) in 326

**Bay bithaman ajil (BBA)** (deferred payment sale) 319

Cross-currency and profit rate swaps 320–23

Debt-based cost-plus sales (sale–repurchase agreements) 317

Five axioms 327

Implicit derivatives, problems of double coincidence and counterparty risk 319

Implicit derivatives, put–call arrangement 317–19, 326

**Istisna** (purchase order) 319, 326

Lease (asset-based) contracts (financing/operating lease) 317

Legacy derivatives (standard debt-based contract (murabaha) variations) 316–19

Profit-sharing contracts (equity-based) of future assets 317

**Salam** (deferred delivery sale) 319, 326

**Sarf** contracts and exchange of currencies 325–6

Total return swaps, concerns over 321

**Wa’ad** (unilateral promise) in 326

Derivatives, *Shari’ah* tenets in Islamic finance 312–16

Asset ownership and prohibition of leverage (underfunding) 316

Betting and gambling (*maisir*) prohibition 315

Commercial value of usufruct 314

Contractual certainty on generation and distribution of profits 312

Contractually valid sales 314

Funding co-generation of heterogeneous goods and/or services 313

Identifiable characteristics and certainty about delivery results 315

Lawfulness of usufruct 314

Presence of meaningful use (usufruct) 314

Price certainty and balance between borrowers 315

Profits from exchanges of homogeneity, prohibition of 313

**Riba** (interest) prohibition 312–13

Risk transfer mechanisms 311

Value creation factors 313–14

Dessi, R. 367

Development and morality see morality and economics, economic development and morality

Development and religion see religion and development

Dhonte, P. 453

Di Tella, R. 293

Diamandis, P. 80

Differential profit rates 509–10

Diminishing margins in consumption and production 95, 98

Discounting and *riba* see *riba* (interest), time value of money and discounting

Discrimination female 629

Zakat, and non-Muslim citizens 469

Dispute resolution, *sukuk* (fixed income bonds) 404–5

Distribution economics 29–31

Diversification benefits 375, 397

Dividend distribution 365

Dogarawa, A. 256

Donaldson, L. 250

Doumani, B. 481

Dual systems, *Shari’ah* scholars dealing with 344–5, 348–9

Easterly, W. 611

Economic crisis see global financial crisis and aftermath

Economic development, meanings of 568–9

Economic role of the state 499–519

Economics science, Muslim contributions to 22

Hifs *ad-din* (protection of religion) 500, 502–3

Hifs *al-aql* (protection of the mind and freedom of thought) 500–501, 504, 514
